## What employers say about Work Experience:

Office manager: "This is a great opportunity to see if the candidate is a good match (to your company and position)."

Business owner: "This worked out even better than I anticipated. I am very pleased with (her) work and have decided to keep her on as a permanent employee."

Supervisor: "Having the extra help frees up my guys to do other things ... especially when we are often short on staff. You also get the opportunity to help (someone) out and provide direction."

## Could YOUR business facilitate a Work Experience opportunity?

- ◆ Do you have a job that could serve as a "stepping stone" to a specific career?
- ◆ Could you share any experience/insights that might enhance an individual's career pursuits?
- ◆ Would you be able to provide on-the-job supervision and feedback?
- ◆ Are you willing to encourage a work experience candidate who is eager to gain professional experience?
